SPECIAL COURSE

Miss Lenore Thurston, R. N., public health nurse of Warren county, has left for Mt. Alto for a month's study course in tuberculosis work.

CAR PRICES DROP

Used car prices took a 4% drop on New Years day under OPA regulations. As an example the top price of a 1940 Ford V-8 sedan deluxe tudor sold "as is" will drop from \$634 to \$609 in the eastern states. OPA has ordered a 4% drop in prices every six months.

QUIET NIGHT

Police had a quiet night with little or nothing chalked up on the docket. One young fellow got himself all full of liquor and went home and police had to remove him from his home where he was abusing his sick wife and small son. He will meet with Justice Greenlund today and try to explain.

MAKING INVESTIGATION

Deputy Sheriff Sanford Secor, Joe Mastrian and Les Fobes, of the state police, left this morning for Harrisburg, where the group will enlist the aid of the state department of the state police in making a local investigation. Several articles will be submitted for examination and various tests.

WILL RESUME RUNS

The Greyhound Bus Company employees started trickling back to work this morning and reports are that the terminal at Erie was opened for business. The restaurant will be opened later. The first local run will come through here Saturday morning, west-bound, and the interstate runs will be under way on Sunday. The complete schedule locally will be in operation Monday.

TIRES ARE SCARCE

Removal of the tire rationing has not materially helped the local situation as tires for passenger cars are mighty scarce. With the automobile industry at a standstill it is hoped more tires will be diverted to private use. However the new synthetic tubes are being dispensed here and they are said to be as good or better than the pre-war variety. No dealers seem to have information as to when an adequate supply of tires will be received.

PLAN WINTER FROLIC

UE-CIO Local 633 will hold its winter frolic this Friday, January 4, at Ben White's in Star Brick, Warren. The Sunset Ramblers, well-known round and square dance orchestra, will keep you stepping lively in a real old-fashioned square dance from 9 p. m. until midnight. Bank the fire, come out to the dance, friends, and chase away your winter blues. Every body welcome. Tickets may be secured from members in the Sylvan Electric, Solar Electric, Solar Battery and Sunray Electric plants or purchased at the door.

Twelfth Night Observance Is Timely Event

There is something about a celebration which calls for a bonfire and Warren has so much to celebrate that the Twelfth Night Bonfire sponsored by the Girl Scouts is in perfect harmony with the times.

The double victory, the return of men and women from the armed services, and the close of the first Christmas season of a world comparatively at peace, are all worthy of the biggest fire that the combined Christmas trees and decorations of Warren will make.

The public is invited to be on hand at Beatty playground at seven o'clock on Saturday evening, January 5, to see the procession of the King and Queen of Twelfth Night in their gorgeous robes. They will be attended by 12 courtiers, a jester and other court members. When they have reached the site of the coronation near the huge pile of Christmas trees, they will be met by Ed C. Lowrey, editor of the Times-Mirror, who will crown the King and Queen.

The King will give the command for the lighting of the fire which will attract all eyes for the brief period of its splendor. The ceremony will be short so that neither spectators nor participants will suffer from exposure in case of extreme cold.

The King and Queen of Twelfth Night and all of the members of the court will be chosen at a party at the Y. W. C. A. on Friday evening, January 4th, at seven o'clock. All Girl Scouts and leaders are invited to attend the party. Tokens baked in a large cake will determine who will reign over the festivities on Saturday night.

Overseas since February, 1944, Safford has been stationed in England, France and now Germany. Before joining the army in September, 1943, he was a student at Russell High School.

Fire Loss Is Low For 1945 Report Shows

Reports to be presented at the next regular meeting of the town council to be held next Monday evening will show the various features of the borough government to have been well handled during the past year.

Fire Chief Charles Albaugh has his annual report ready for presentation and it is highly interesting as showing the number of runs and losses for the past year. The department was called upon to go into action 146 times during the past year. Of that number of calls 48 were emergency calls where no fires were involved. This left only 103 fire calls to have been answered. In all of these fires the loss was \$9,158.29, actual money paid by the insurance companies.

This is an admirable record when it is realized that in one fire at the United Refinery a loss of over \$2,000 was involved. When fire losses in surrounding towns where volunteer departments operate it is realized that the paid department is functioning at a high degree of efficiency and that the active group of fire fighters is working well.

The department during the coming year will undoubtedly have a completely rebuilt fire station on the site of the Central station as the building committee have been making inspections recently. The plans will entirely remodel the old station and make it more modern and raise its efficiency to a high degree.

Chief Albaugh will also present a schedule of the needs of the department and 500 feet of two and one-half inch hose will be requisitioned. He stated that this will put the hose of the department in good shape for the coming year if there is no loss of hose in a fire or accident.

Rew Veteran Known Locally

Military rites were held in Bradford this afternoon for Pfc. Lee Barton MacDonald, U. S. Army Air Corps, son of Mr. and Mrs. Arthur E. MacDonald, of Rew, who died in Halloran General Hospital on Staten Island early Sunday morning.

Pvt. MacDonald had been in the armed forces more than three years, serving for the past year in India. While there he became ill and was hospitalized. He was returned to the United States by hospital ship, arriving on December 28, and was immediately admitted to the government hospital.

His parents were notified by army officials concerning the seriousness of his condition and were at his bedside when he died.

Pfc. MacDonald was born at Endeavor on July 6, 1920, and attended school at Rew before attending Bradford High School. Prior to his induction he was employed in the oil fields.

He was a member of the Bradford Lodge, Loyal Order of Moose and of the Lt. John C. Roche Post 212, Veterans of Foreign Wars.

IN CITED UNIT

Word has been received here that Pvt. Bertram N. Phillips, son of Mrs. Etta Phillips, of North Norris, N. J., is a member of a Chemical Service Company which has been awarded the Meritorious Service Plaque by Maj. Gen. Thomas A. Terry, commanding general, India-Burma theatre. In a special dispatch from Calcutta, it is announced the 241st Chemical Service Company has the responsibility of procuring, storing and distributing all chemical supplies to U. S. Army troops stationed in the India-Burma and China theatres. A campaign for the safe handling of chemical supplies, instituted by the 241st, resulted in the saving of vast quantities of materials, and considerable financial benefit to the government.

Pvt. Phillips entered the army in September, 1943, and has served 19 months in the India-Burma theatre.

Youngsville Fire Department Purchases New Lighting Plant

Fire Chief L. L. Johnson, of Youngsville has just announced another fine addition to the equipment of the Youngsville Fire Department. The company has purchased a complete new lighting plant for emergency use by the department. It consists of a gasoline motor which drives a generator of sufficient size to power searchlights and a string of other lights for use in fire fighting when for some reason the lights of the

borough are out and emergency lights are needed.

The outfit is a complete one and is a splendid addition to the department and one that has in many instances been badly needed.

The Youngsville Department during the past few months have added a wonderfully well equipped truck to the department and has also purchased a quantity of the OOD equipment which was sent to the borough during the war emergency.

Each year the Youngsville Firemen stage a ball which is always well attended and which provides funds for the improving of the department. They have by this means added from time to time much needed apparatus and have an assortment of fog nozzles and other special equipment which departments in towns many times larger than Youngsville could be proud to possess.

The effort under way to secure and E and J Resuscitator combined an inhalator or respirator and resuscitator is also under the leadership of the firemen. The cost of a complete resuscitator equipment will be close to \$800 and citizens of the community are being appealed to for donations. Especially adapted for use on persons overcome by gas, shocked by electricity or overcome by monoxide gas a resuscitator would be of great value to the community of Youngsville and small towns adjacent.

BOWLER IS APPOINTED

Eugene P. Bowler, of Bradford, Pa., who served as lieutenant commander in the U. S. Navy during the war, has accepted an assignment with the Pennsylvania Grade Crude Oil Association as field engineer in the production research department at Bradford, according to R. V. Hughes, director of the research program. The Penn Grade laboratory now uses the basic principles of an oil field instrument known as a water profile measuring device which Mr. Bowler designed several years ago.

FARMERS OWN BANK

All government money in the Federal Land Bank of Baltimore, which serves this area, has now been repaid to the United States Treasury, H. D. Vaughan, president of the Baltimore bank, announced today. The bank is now wholly owned by its farmer-borrowers in the Second Farm Credit District which is composed of the states of Pennsylvania, Delaware, Maryland, Virginia and West Virginia and the island of Puerto Rico. The farmers own all of the stock in their local national farm loan associations which, in turn, own the stock in the Federal Land Bank.

LAW WORKS WELL

The commonwealth's new restaurant hygiene law is helping assure safe water supplies at rural eating places and roadside stands, the Health Department said yesterday. Dr. J. Moore Campbell, deputy secretary of health, said the approval of a number of establishments in rural areas was held up because department inspectors found conditions at some wells and springs unsatisfactory from a bacteriological standpoint. Issuance of licenses in those cases was delayed, he explained until measures recommended by inspectors to protect the water supplies from surface drainage had been taken by the proprietors of the eating places affected.

ACCIDENTS KILLED MANY

Accidents of all types killed about 96,000 persons in the United States in 1945, or 1,000 more than in 1944, the statisticians of the Metropolitan Life Insurance Company estimate. The increase was due solely to a rising tide of motor vehicle fatalities that set in just after V-J Day, when restrictions on the use of gasoline were removed. There was only one accident in 1945, down to the last week of December, in which more than 50 persons were killed, whereas in 1944 there were eight such accidents. The greatest loss of life—119 persons—in one catastrophe was in the tornado that swept through parts of Oklahoma, Missouri and Arkansas during April, the statisticians report.

EAT MORE POTATOES

Dr. J. H. Kellogg of the Battle Creek Sanitarium, Michigan, states "Less bread and cereals, less meat and eggs, (both scarce items) and more potatoes is the simple program called for. The potato is one of the most highly alkaline of foods. Cooked potato starch digests in a sixth of the time required for the digestion of oatmeal, and in less than any other cereal. When well cooked, the potato is as palatable as any cereal. If bread and cereals are reduced one-half, and eggs and meat the same, in favor of the potato and green vegetables, an almost immediate improvement in health will be noted. There is no other single article of food capable of doing so much for the promotion of health, longevity and prosperity of the American people as the potato."

Former Warren Man Retires From Employee of Pennsylvania

At Oil City on Monday the retirement of a group of Pennsylvania railroad employees was announced. One of them E. V. Douglas began his employment with the railroad while a resident on this city and the Oil City Derrick had the following relative to his service:

Ernest V. Douglas was born at Cranberry and was a son of D. S. and Christian Douglas. His early education was received at the Rose school at Hogue hill. Later the family moved to East Hickory where he finished his schooling.

His first position was that of a log cutter and bark peeler with the Wheeler & Dusenberry Lumber Co. and he remained with that firm for eight years.

In 1905 Mr. Douglas entered the service of the Pennsylvania on the Renovo division of the P. & E. at Warren. Edward Metzinger, well known in railroad circles, was the station agent at Warren at that time.

Mr. Douglas remained there for a year, following which he resigned to accept a position with the Borland & Diamond Lumber Co.,

with whom he remained for three years. He also had one year service with the National Transit Pump & Machine Co.

In the year 1907 Mr. Douglas became a fireman under Road Foreman of Engines C. E. Bishop. He fired until September 15 and was promoted to the post of engineer and his work was centered on the old Chautauqua branch between Oil City and Buffalo and Oil City and Olean. He is now operating trains in Oil City-Olean freight pool.

In 1905 Mr. Douglas married Miss Effie E. Hepler of Warren and they have the following children: Smith Douglas, vice president of the Franklin Arms; George Edward with the Chicago Pneumatic Tool Co.; Mearl E., of the Derrick Publishing Co.; Mrs. Pearl C. Beightol of 6 Liberty street; Mrs. Ruby A. Slater of Meadville and Mrs. Arthur L. Canada, residing with her parents. He also has eight grandchildren.

Mr. Douglas' retirement is also effective January 1. He plans to travel with Mrs. Douglas during the next few months.

ALL ACES IN HAND? OPEN WITH ONE BID

By WILLIAM E. MCKENNEY America's Card Authority

Many players today use the opening two-bid as a request for partner to show aces. A four no trump response shows two aces, while the bid of a suit shows the ace of that suit.
In today's hand South was looking for information, but since he held all the aces himself, he could see no advantage in an elected two-bid. He therefore elected to open the bidding with one club. This bid of course can be passed but it rarely is.

<p>♠ 65 ♥ J 10 8 7 ♦ K J 7 ♣ A K 7 5</p>	<p>W N E S Dealer</p>	<p>♠ 10 8 4 2 ♥ 6 5 2 ♦ Q 9 8 5 ♣ 6 3</p>
<p>♠ A K Q 7 ♥ A Q ♦ A 6 ♣ A Q 10 9 8</p>	<p>South West North East 1 ♠ Pass 1 ♥ Pass 2 ♠ Pass 3 ♠ Pass 4 N.T. Pass 5 ♠ Pass 5 N.T. Pass 6 N.T. Pass</p>	<p>Duplicate—Neither vul. Opening—♦ 2. 3</p>

When North bid one heart, South could make a forcing bid of two spades, and the three-club response indicated some strength in his partner's hand. North and South were not using the Blackwood convention, so South's bid of four no trump simply showed a desire on his part to play the hand at no trump. It also showed tremendous strength.
North emphasized his strong fit in clubs with his five-club bid. South had now received considerable information from his partner, and his bid of five no trump at this point might have been termed pessimistic, but North correctly took him to six no trump, which was easily made. The diamond opening was won with the ace, a club played to dummy's king and the heart finesse taken. When it lost, declarer spread the hand.

FARM NEWS

Clean Out May Be Woodlot Solution

Clean cutting in a woodlot operation generally is not recommended, but there may be conditions under which clean cutting can be a best practice, informs County Agent O. C. Tritt.

First, farmers may want to clear a land for some other use. The stand may have only mature trees which are ready to harvest.

vest, with little or no secondary growth for replacement—as inevitable happens where woodlots are pastured.

Or the stand may have been continually culled for high-grade trees with the result only poor species trees and those of poor quality remain—trees which would show little of any profit if they were left to nature.

In the latter situation, the best plan would be to cut the entire stand to allow new growth to get a start. When, as new growth develops the poor species can be eliminated.

Under such a procedure there may be no large returns from the woodlot for a period of years, but eventually the stand again will be valuable, with the result the owner will be much better off than if he had retained the stand of all inferior quality growth.

In woodlots where new growth is getting a start, two protective measures should be observed—prevent fires, and keep out the livestock.

WOMAN CUTS DIAMONDS

One of the world's few women diamond cutters is Mrs. Helene Lewedow of Pittsburgh, Pa. She learned the art as a girl in Belgium.

During the war Germans made fiber, oil and rubber from acetylene.

The U. S. Government pension rolls still bear the names of approximately 180,000 Spanish-American War veterans.

SOCIETY

Family Together First Christmas Since That of 1941

A happy gathering took place at Christmas-time at the home of Mrs. Flossie Landers at North Warren, when the entire family was home together for the first time since Christmas, 1941.

Included in this year's group were four sons who have received their honorable discharge from armed services: Richard (Joe), who volunteered and was accepted to serve with the Seabees in October, 1943, spent eight months in the ETO and participated in the invasion of southern France; Victor, who was three and one-half years in the uniform of the U. S. Infantry, was wounded during the Normandy invasion and spent 14 months convalescing in the England General Hospital at Atlantic City, N. J.; Robert, who volunteered and was accepted in the Army Air Corps in December, 1941, and served 27 months in the CBI theatre; and Floyd, who entered service of the navy in September, 1943, and has just returned from nine months in the Pacific after transfer from the Atlantic Fleet and seven months in the ETO, this including participation in the southern France invasion.

An out of town guest in the Landers home was Travis Schumacher, of Meadville.

Ibsen's Drama Is Sunday Selection

The Doll House by Henrik Ibsen, the great Scandinavian playwright, will be presented in shortened form by the Warren Players on the Metzger-Wright radio program Sunday afternoon at two o'clock. This is the 12th in the radio drama series which has grown in listening popularity and has also given over 75 men, women and children a pleasurable radio experience.

The Doll's House was the first of modern plays, bridging the gap between the old and new type of drama at the close of the nineteenth century. It is the play which carries Ibsen's name beyond the limits of Scandinavia into the rest of the world. There is no country in the world possessing a theatre in the European model in which The Doll's House has not been more or less frequently acted. Few heroines in modern drama have been played by so many actresses of first rank as Ibsen's Nora.

The cast at present working on the radio version for Sunday afternoon's presentation has remarked on the modern quality of the dialogue and situation. There is a vitality and originality about the great playwright's work which makes work on it a pleasure.

When Nora and Helmer face each other in the last scene of the play, a new phase in drama is portrayed. In this scene is experience, at once intellectual and emotional, not previously attained in the theatre.

The cast for Sunday's performance will be announced in tomorrow's edition of the Times-Mirror. The radio version will last a half hour, from 2:00 until 2:30.

In addition two acts direct from Cleveland will also appear. One of them Al Aldridge presents a sensational novelty act that is touted as one of these things that makes the observer gasp. Patsy Burns will have a tap dancing routine that is out of the ordinary. "A tap routine that's tops" is the way this dancer is billed and those who have seen his act hear concede the ability shown.

In this connection, he related how radar had been of great assistance in enabling the fliers to determine weather conditions; also of how the Japanese jammed the frequencies while our airmen were trying to maintain ground communications.

Guests at the meeting were T. H. Melnius, of Warren, and Chief Petty Officer John Nicholson, USN, home on leave.

Ohio Staters Lose Widdoes As Top Coach

By HAROLD HARRISON

Columbus, O., Jan. 3.—(AP)—Ohio State University today had its fourth new head football coach in 12 years after an unprecedented swap in which the head coach and his assistant traded jobs.

Moved up to head coach was Paul O. Bixler, 39, an assistant since 1941.

Dropped back to assistant was Carroll C. Widdoes, 42, who in 1944 gave the Bucks their first perfect regular season since 1920 and a Big Ten championship and whose 1945 team lost only to Purdue and Michigan. Widdoes also was named "coach of the year" in 1944.

The Ohio State Athletic Board, which said it unanimously approved the change, made public a copy of a letter from Widdoes in which he offered his resignation because "I have come to the conclusion that I was better satisfied as an assistant than I have been as head coach."

Financial terms of the contract with Bixler were not made public, but the board said there was a "gentleman's agreement" that it would be for three years.

Both Bixler and Widdoes came to Ohio State in 1941 when Paul E. Brown, now a lieutenant in the navy, replaced the late Francis Schmidt.

Brown went to the navy early in 1944 and nominated Widdoes to take his place as acting coach. When Brown quit in 1945 the "acting" was dropped from Widdoes' title.

West Virginian Nears Mikan Tab

New York, Jan. 3.—(AP)—Bill Hall, of Marshall (W. Va.) College, is threatening the lead of DePaul's George Mikan for individual high scoring honors in the national collegiate basketball race.

The weekly tabulation by the Associated Press showed today that Mikan is out in front with 213 points with Hall only 14 behind at 204. They are the only two across the 200-point mark so far. Harold Brown, of Evansville (Ind.) College, took over third place at 193 points on 76 field goals and 43 fouls. Leroy Fazio, of Texas Christian, ranks fourth at 181 and Jackie Goldsmith, of Long Island, fifth at 178.

Elks Bowlers Await Tourney On January 7

Plans have been completed by Elks Club bowling league officials for the annual team, doubles, and singles title events, with opening competition slated to start next Monday, January 7.

The team events will open the three-week tournament, and Times Square against Tasty Bakery and Darling Jewelry against Turner Radio will lead off the matches on Monday. The schedule for the remainder of the team tourney is as follows: Tuesday—Meads vs. Maders and Penn Furnace vs. Geracimos; Wednesday—Solar Electric vs. Style Shop and Soda-Mineral vs. Harvey and Carey; Thursday—Kirbergers vs. S. S. Market and Nine-O Garage vs. Texas Lunch; Friday—Warren Baking Co. vs. Struthers Wells and Simonens vs. Keystone Printers.

The doubles tourney gets underway Sunday, January 13, with Times Square versus Tasty Bakery and Darling Jewelry against Turner Radio. The same schedule for the team events will be followed in the doubles tournament, with matches on Sunday, Monday, Wednesday, Thursday and Friday. Singles competition opens Monday, January 21, and the tourney will close following the final matches on Friday the 25th. The same schedule as will be used in the above named tourneys will be used in the singles.

Wellsmen Seek First Half Title At 'Y' Tonight

Sylvania makes its bid for supremacy in the City Basketball League tonight when it tangles with the league-leading Struthers Wells outfit in the 8:30 nightcap of tonight's double bill on the Y hardware.

In the preliminary fracas, the hard-luck Blomquist outfit continues to search for its first win when it stacks up against the strong Sheffield O'Connors, who already have two losses marked up against them.

This evening's games explode a frenzied weekend of basketball for loyal enthusiasts. The two games on the City League docket, the Warren-Bradford scholastic clash tomorrow night here, and two more encounters in the City League Saturday night make a full basketball weekend in anyone's calendar.

Saturday night, the winless Times-Mirror seeks a victory in a 7:30 preliminary with Bakers, and the Penn Bottles of Sheffield hope to maintain their second-place tie with Sylvania by whipping Youngsville.

The schedule for tonight brings one of the most evenly-matched slates of the season. O'Connors will have no picnic in dropping Blomquists, and the boys from Sheffield may have to add loss No. 3 in their book.

The main attraction tonight will clinch the first half title for the Wellsmen if they win and will gain them at least a first-place tie if they are defeated.

21 Major Leaguers Nominated for H-F

New York, Jan. 3.—(AP)—Twenty-one former major league baseball stars have been nominated by the Baseball Writers' Association of America for places in baseball's Hall of Fame.

Final voting will be completed Jan. 19. Under the new rules the 202 members are authorized to select five men who must poll 75 per cent of the final vote.

The writers have not selected a player since 1942 when Rogers Hornsby was elected.

The nominees include pitchers Chief Bender, Rube Waddell, Lefty Grove, Carl Hubbell, Mordecai Brown, Dizzy Dean, Clark Griffith, Herb Pennock, Joe McGinnity and Ed Walsh; catchers Bill Dickey and Mickey Cochrane; infielders Frank Baker, Frank Chance, Johnny Evers, Frank Frisch, Charley Gehringer, Miller Huggins, Rabbit Maranville, Joe Mauer and Pie Traynor. No outfielders were named.

Leo Durocher Back As Bums' 1946 Manager

Miami Beach, Fla., Jan. 3.—(AP)—Leo (The Lip) Durocher, back as the Brooklyn Dodgers' 1946 manager, quipped today the Dodgers will finish among the first eight in their eight-team National League.

He was more optimistic in a telephone conversation last night with Dodger officials in New York—a talk that ended in agreement with President Branch Rickey to pilot the "Bums" for the eighth year.

Durocher told Rickey he was "high" on the Dodgers' pennant chances, and informed another official it was his No. 1 ambition to win a pennant under Rickey. His 7-year record is one pennant won, second place twice, third three times and seventh once.

With more salary promised—and perhaps an understanding on a bonus—Durocher went right to work to select his regulars for the coming season.

The team begins spring training at Daytona Beach Feb. 1, and Durocher will join them there Feb. 10, passing the early schooling period.

COWBOYS INVADE GARDEN

New York, Jan. 3.—(AP)—Woynow, hailed by many as one of the best college basketball teams in the country, invades Madison Square Garden tonight, clashing with Long Island University in the second half of a double header. Westminister of Pennsylvania meets St. Francis of Brooklyn in the opener which is expected to be witnessed by a crowd of some 15,000.

DERRINGER RELEASED

Chicago, Jan. 3.—(AP)—Big Paul Derringer, who pitched for three National League baseball clubs in his 15 years in the majors, was looking for a new job today, preferably in the big leagues.

The 39-year-old right hander, released by the Chicago Cubs yesterday, said he had applied for a pitching job with all major league clubs.

Derringer's major league record was 223 wins and 212 defeats.

Basketball Is Headline For This Weekend

Basketball in the northwestern part of the state greets the New Year with an exceptionally heavy schedule carded for this Friday night. Many of the schools were hit by sickness, mainly the "flu", but they are all in top form as they return from the Christmas holidays.

Mt. Jewett and Kane officially opened the 1946 campaign New Year's night at Kane, and Erie Vincent tangles with its neighboring Prep quintet tonight at Erie.

The feature attraction in all northwest Pennsylvania is Friday night's annual Warren-Bradford game, an 8:30 encounter on the Beatty school hardwood with the Owls rated a slight favorite. Both outfits will go into battle undefeated, the Dragons holding eight straight and the Bracons three.

Sheffield resumes play in its fourth encounter when it meets Wilcox at Wilcox; Ludlow goes to Smethport the underdog; Tionesta goes back into league action against the Grovers at Sugar Grove; and Russell plays host to Tidoute at the Warren High hardwood to round out the county activity.

Other highlight games in the section are Meadville at Erie Academy; Erie St. Vincent at Titusville; Rocky Grove at Oil City; Cranberry at Franklin; Kane at Ridgway; Corry at Erie East; Jamestown at Falconer; St. Marys at Johnstown; Sharon at Alliquipp; Farrell at New Brighton; Emporium at Renovo; DuBois at Brantford; and Mt. Jewett at Otto Township.

Conn Training For June Bout With Bomber

Pittsburgh, Jan. 3.—(AP)—Billy Conn was en route to Hot Springs, Ark., today for a training grind he hoped would pare 10 pounds off his weight and get his legs in trim for his heavyweight title bout with Joe Louis next June.

"The first thing on the program is to get my legs in shape," the Pittsburgh heavyweight asserted as he boarded the train. He was accompanied by Freddie Pierro, his New York trainer, and a friend.

"Fierro has mapped out a lot of road work for me at Hot Springs," Conn said. "He'll be going a lot of bouncing up and down those Arkansas mountains for about four weeks."

Conn said he hopes to cut down his weight from 190 to 180 pounds before he returns to Pittsburgh late in February where he will continue training for the title bout.

Disagreeing with those who believe Louis will not be able to get in shape for the fight, Conn declared:

"Joe will be ready, don't worry about that. He's got some weight around his stomach, but he'll take that off when he starts hard training. We'll both be in good shape."

Enchanted Journey

Chapter 1

THE week before her departure from New York was indeed a never-to-be-forgotten one for Edith, but not in quite the way that Laura had hoped it might be. There was a great deal of shopping to be done, both for Laura and herself, in spite of the fact that Laura was selecting her own trousseau, she was determined that the Lacey's of Kentucky should be able to find no fault with her daughter's grooming. So it was with trunks and bags, neatly and adequately packed, that Edith made ready for her journey.

One afternoon Laura and Edith had managed to slip away from everyone and attend a matinee together. In the quiet darkness of the theater, Laura waited within Edith's being such a flood of love and longing for this woman beside her that she could not help seeking her mother's hand. Like a child she twined her fingers about Laura's and held on desperately, Laura's eyes were shining with tears, and she was feeling that she was half pleasure and half exquisite pain; and they had sat there with fingers intertwined throughout the play.

Afterwards Chris and Alan Crosby had taken them to dinner. Edith knew that both she and her mother would always cherish those hours in the theater.

Then on Wednesday morning they went to St. Thomas and in the quiet beauty of the old cathedral Laura and Chris were made man and wife. Edith stood beside Alan Crosby and Dabney. Her entire being a volcano of mixed emotions. Pleasure at the happiness of her mother and an aching loneliness since for so long she had been alone. Chris, coming out of the shadows into a slanting ray of sunlight, his countenance as radiant as Laura's.

total while Gil Branche led the losing Foxes with a 182-508 pairing. In the second round, Harry Rosquist posted a 200 single game and a total of 511 to lead the Panthers, and P. Sorenson was high for the losing Wolves with a 230 single and a 568 total count.

Bears 803 871 830—2307

Behind the Lines

THE AMERICAN RIFLEMAN

"The American Rifleman," one of America's foremost magazines concerning all types of rifle, pistol, and shot shooting, along with numerous other fields of shooting sports, lands a local woman, WAVE Lt. June DeFrees Heelan, in its dispute over the skills of men and women in the field of shooting. From Eleanor Dunn's "More Women," we quote the following:

"Navy officers and enlisted men, as well as WAVEs, have both joined shooting classes, and many of them have asked us to compare the shooting of men and girls. Our answer is that the top score made in the school rifle tests is a tie between a man, Lt. Joseph Nyquist, and a woman, WAVE Lt. June DeFrees Heelan. There is no difference in the shooting ability of the sexes, and we have found that women are particularly receptive to rifle and pistol teaching because they have no preconceived ideas."

SPORTS SMATTERINGS

Crawford county game officials expect the deer kill of this season will reach 20 in the county. Rumors have it that Erie's Cathedral Prep will withdraw from city series competition there and set up an independent schedule. . . . "Red" Schwab, recently discharged from the service, has returned to Niagara U. to resume his career. Schwab, in four recent games against Rochester, Cornell, U. of Buffalo and Albion College of Michigan, hit the cords for an 18-point average. He is spending the holidays with his family in Corry. . . . Jamestown baseball fans are aroused over the signing of Greg Mulleavy to the managing post of the Ocean Oilers. Jamestown fans had expected Mulleavy to sign with the Falcons. . . . Joe Zuravleff, Erie Tech athlete who was named left end on the AP all-state grid even and is currently leading his mates to a sparkling court season, is leading all Erie scholastic scorers with 81 markers in 6 games. . . . Jack Eston, Warren Dragon center, has been named 1945's outstanding scholastic basketball player by the Jamestown Post-Journal. . . . Bowlers are awaiting the singles and doubles championship stakes to be rolled soon at the Penn Bowling Center.

THE "BIG FIVE"

A perfect record compiled by the High School's "Big Five" basketball Dragons goes on the block Friday night, and when 9:45 rolls around that night, you'll know whether or not that streak has been slashed. The Massmen do have some meritable feats to carry them into the fracas not too much of an underdog.

Jack Eaton is currently leading his mates in the point-getting department with a total of 77 markers. Al Babcock is in second place with 63, and Harris is third with 60. In the eight games, the Massmen have attempted 112 shots, but they have made 60 on only 49. Referees have called 94 personal fouls on the locals and 91 on the opponents.

Last Night's Fights

BAKING WAS AN ART

Breadmaking was so highly regarded as an art in ancient Rome that any baker who married below his social rank was "flogged, expelled from the union, deprived of his property, and banished forever from Rome."

Prussic acid was known to the ancient Egyptians, but under a different name. This acid is derived from peaches.
